

Friday Night Services Resume at Congregation Kneseth Israel with Special Musical Guests

August 12, 2014, Elgin, Illinois

After the usual summer break, Friday Night Sabbath Services will resume at Congregation Kneseth Israel on Friday evening September 5th at 7:30 p.m.

This very special service will feature Soul Zimra, a renowned Jewish worship band that brings meaning, energy, transcendence and light to prayer. Soul Zimra brings prayer and modern melody together to create music to which people really relate. They have the ability to build a worship experience for people that encompasses many different styles.

Congregation Kneseth Israel students will also be featured as they accompany Soul Zimra in sign language.

According to Rabbi Margaret Frisch Klein, the Rabbi at Congregation Kneseth Israel, "We are so excited to welcome the Sabbath as we welcome each other back from summer and greet old friends and new faces. The music of Soul Zimra will help to enhance the spiritual experience."

As a synagogue dedicated to embracing diversity, Sabbath services are a blend of Jewish traditions. According to Rabbi Frisch Klein, "We want our Sabbath services to be welcoming to Jewish people of all backgrounds, to interfaith families, and to guests. Therefore we utilize both traditional prayer books, transliteration guides, English, Hebrew, music, readings and explanations to provide everyone in our community a meaningful experience."

All services at Congregation Kneseth Israel are open to the public.
